January 12, 2010 Meeting - first meeting in our new location !!

President Phil welcomed everyone, including about 35 members and 3 visitors; Mike Lane, and Jeff and Ceil Kieserman. Phil thanked all those involved in the move to the new location, including Steve, Marty, Seth, Anthony, Robert, John and Walter. Steve pointed out we've purchased 31 chairs

from the church to supplement seating in the MFS shop. We still need to hook up the camera and tv set to allow better viewing of the demonstrations, but that will get worked out by the next meeting, I'm sure. Several members pleaded for better directions to the new meeting location, so we will work on that. There is a web site for the school that has some info. Mike Zickler reported he has prepared and submitted an application to AAW for a chapter grant of \$1500 to allow us to purchase audio visual equipment and other accessories to set up demonstrations and classes for the Moorestown Friends School students. Keep your fingers crossed for success!

Don't forget, President Phil will be hosting his next open house on January 19 at 7 pm, hope to see many of you there with interesting problems to solve.

Upcoming Events

January 19 - open house at Phil Hauser's

January 26 – executive committee meeting at Phil's house, 7 pm.

February 9 – next regular club meeting, featuring an extended show and tell session, and judging the club challenge, a segmented piece, with a \$25 award to the winner.

March 9 – open house at Phil's house, on the 2nd Tuesday of the month, instead of regular meeting.

March 16 – this is the 3rd Tuesday of the month, but will be our club meeting to accommodate the schedule of our demonstrator, Nick Cook

=====

Treasurer's Report - \$2269 balance reported by Treasurer John Coles.

Library Report – Librarian Robert Jay reported the donation by Robert Peterson of two Cindy Drozda dvd's, and boxes of books from Don Shiner and the Wood Turning Center.

=====

The program this month was a demonstration by Phil Hauser and Robert Jay, who collaborated on a variety of small and quick projects to make. Phil started off with a pencil box and a bracelet, which involved a rather impressive forstner bit to drill out the middle. He followed those with a door stop, a weed pot, and a walnut tea light.

Robert started off by showing how to make a jam chuck, then a small bowl, and a small vase.

This program was a lot of fun, and we appreciate the time Phil and Robert took to prepare and present to us.

Additional photos from the meeting are available at our Yahoo site,
